

# Taste of Engagement

## Overview

This two-hour half-day course is designed to give busy people what they need to understand the purpose of community engagement, what quality looks like and how to make the most of the investment in engagement.

Content is tailored based on your organisational context and the duration of the session.

## Participants

Courses are tailored to different groups:

- Elected members/boards
- Executive/leadership teams
- Stakeholder and community engagement officers
- Project managers
- Project coordinators
- Communications officers

## Learning Outcomes

- Understand the purpose and benefits of community engagement
- Examine the background and context to the engagement
- Determine the scope and focus for the engagement
- Explore stakeholder mapping tools and techniques
- Understand how to set the purpose and goals of engagement
- Identify key community engagement methods
- Recognise community engagement risks

## Duration

Two-hours, half-day or full day course

## Delivery Mode

Courses are delivered as either (1) in person face to face or (2) live in an online classroom. To maximise learning outcomes, delivery modes are not mixed.

## Course Option

Public course, in-house course
