

# Apply Engagement Methods

Delivered by:

This course TWO\_DAY course challenges you to assess the appropriate method(s) to achieve your outcomes. Expand your tool kit of what is possible and consider new methods to achieving your engagement goals. Explore methods for small groups, large groups, social media and more.

## Aim

The aim of Apply Engagement Methods is to examine and assess a range of methods so that you will know the appropriate tool for a specific context.

## Objectives

The objectives of Apply Engagement Methods are to:

- Examine the key steps in selecting an appropriate method
- Explore the aspects of design, question design and data analysis
- Examine issues which arise in delivery and how to manage groups
- Explore small scale, commonly-used engagement techniques
- Communicate technical information in an accessible way

## Who should do this course?

- Practitioners who will implement parts of an engagement plan and need to assess and propose appropriate methods  
Those who will be involved and need to know the implications on their teams, workflows and delivery schedules
- Senior practitioners who will be responsible for evaluating and reporting on the effectiveness of the methods chosen and the engagement project

## Benefits

- Understand the importance of starting the decision process by aligning an appropriate method with the profile of the Community Engagement model
- Examine how to decide on appropriate methods
- Link the methods to the purpose of the engagement to create a cohesive plan and experience for the community
